Heat Map

Dots are areas where people looked. The more people spent time on one spot, the darker that area appears.

Organize interviewer opinion

We ask interviewers related questions based on the heat map in order to help us revise our poster to get final version.

1. Do you remember what was on the poster and what it was meant for?
2. Do you still remember the company's name?
3. These posters were designed for a law consulting firm called NYIS. Do you have any suggestions to help us improve them?
4. What kinds of contact information caught your eyes?
